SEASON 3

Starts on Monday 27 March 2017

Ends on Friday 26 May 2017

ICS LEARNER PROFILE

The ICS Learner profile is the core foundation of what we teach at ICS, beyond academics. We believe that these skills and traits will help our students develop into compassionate, engaged and active global citizens.

INQUIRERS

We nurture our curiosity, developing skills for inquiry and research. We know how to learn independently and with others. We learn with enthusiasm and sustain our love of learning throughout life.

KNOWLEDGEABLE

We develop and use conceptual understanding, exploring knowledge across a range of disciplines. We engage with issues and ideas that have local and global significance.

THINKERS

We use critical and creative thinking skills to analyse and take responsible action on complex problems. We exercise initiative in making reasoned, ethical decisions.

COMMUNICATORS

We express ourselves confidently and creatively in more than one language and in many ways. We collaborate effectively, listening carefully to the perspectives of other individuals and groups.

PRINCIPLED

We act with integrity and honesty, with a strong sense of fairness and justice, and with respect for the dignity and rights of people everywhere. We take responsibility for our actions and their consequences.

OPEN-MINDED

We critically appreciate our own cultures and personal histories, as well as the values and traditions of others. We seek and evaluate a range of points of view, and we are willing to grow from the experience.

BALANCED

We understand the importance of balancing different aspects of our lives—intellectual, physical, and emotional—to achieve well-being for ourselves and others. We recognize our interdependence with other people and with the world in which we live.

REFLECTIVE

We thoughtfully consider the world and our own ideas and experience. We work to understand our strengths and weaknesses in order to support our learning and personal development.

CARING

We show empathy, compassion and respect. We have a commitment to service, and we act to make a positive difference in the lives of others and in the world around us.

COURAGEOUS

We approach uncertainty with forethought and determination; we work independently and cooperatively to explore new ideas and innovative strategies. We are resourceful and resilient in the face of challenges and change.

MESSAGE FROM ATHLETICS AND ACTIVITIES OFFICE

Dear Parents,

We are delighted to be starting a new season of After School Activities, otherwise known as ASA.

This booklet is designed to inform you of the multiple activities on offer this season, as well as to help you with the process. It is anticipated that, as always, the activities are something your children can't wait for at the end of the school day and that it becomes one of the many highlights of their 2016/2017 school year.

Listed in this booklet are over forty activities-some might be more designed for older elementary children, most will have number limitations, some will be outside, but all are designed and offered by our excellent teachers and TAs to enhance your child's development, interest and enjoyment.

The Q and A section has questions that returning and especially new parents may have, so please go through them and the activities carefully so that you understand the process.

ISSAAA SPORTS LEAGUE

Students in Grades 4 & 5 also have the opportunity to play in the ISSAAA Sports league. The ISSAAA is an organization of schools in Addis Ababa and this is the fourth year that students in Grade 4 and 5 are included.

Students who are 11 years old or younger as of 1 September 2016, and who are in Grade 4 and 5 qualify to participate in this league. This will allow our athletes to compete with other schools in organized and coached teams. If your child is interested in playing school sports please do not sign up on the days those sports practices will occur, which are normally on Mondays and Thursdays. Do check the Q & A section for more details regarding practice days.

In the U12 team sports league, we have a no-cut policy. This means that all interested and committed students will be placed on a team and receive game time regardless of ability. To register for these teams we will need you to register online and we will also need a passport copy of the student's details (this is used to verify age at fixtures). Go to "athletics" on the school website to register. Registration for this is now open and you don't need to wait until next week.

SPORTS - U12 BASKETBALL

Practice days and times: Mondays and Thursdays, 3:30–5:10 PM with 2–3 Saturday morning scrimmages.

To register, go to: <https://intranet.icsaddis.edu.et/eagles1011/index.php>

- Username-first name-last name, first initial (mick-c)
- Password-your password is on the students ID card (4 numbers)

If you are encountering problems please visit our office located inside the gym complex.

Have fun and enjoy the activities!

Mick Cooper,
ICS Activities and Athletics Director

Q AND A ABOUT ACTIVITIES SIGN UP IN ES

Q1. When does the activity sign up begin and when do the first activities take place?

Tuesday 7 March at 2:45 PM is a really big date and time to remember. This is when the activities will open up online at <http://intranet.icsaddis.edu.et/elemasa/index.php> This operates on a first come-first served basis, so many of the popular activities will fill up very quickly. Activities will begin the week of 27 March and are on Mondays, Tuesdays, Thursdays and Fridays beginning at 3:30 PM. Season 3 will end on Friday 26 May.

Q2. What is my child's code to register?

This will be emailed to you but it's an easy process to remember- it will be your child's first name, then hyphen(-) and finally, last name first initial. The code is the 4 numbers on the student ID card. Example: mick-c, code is 1234.

If you are having trouble accessing this, please see the ASA office for assistance at least 24 hours before the registration opens.

Q3. How many activities should I sign my child up for?

The limit is two activities; students do not have to sign up for two, but of course they will probably want to, so two is the maximum.

Q4. What time do activities end?

All activities that are not team sports end at 4:30 PM, so please arrange the necessary pick-up, near the front gate at the pickup loop, on those days your child has a scheduled activity.

Q5. I don't have internet at home-how will I sign up?

We give a lot of notice to the community about the sign up time-The big day is Tuesday, 7 March and you need to have your device ready and open before the 2:45 PM opening. Please ensure you have access to the internet during that time either at home, at work, or on ICS campus. ICS does not have the capacity to help with sign-up so we urge you to test and prepare yourself for this sign up day and time.

Q6. When I signed up, the activity was full and my child cannot do their favourite activity. What can I do?

This is unfortunate and happens in the case of the very popular activities. Some activities, while extremely popular, have limited facilities and equipment, hence the limited number of spaces. Please have a backup plan activity just in case this happens. If an activity is full, children will be placed, after consulting with parents, into a different activity. We have found that after the initial disappointment, once a child is enrolled in another activity, they are happy to be there and have a lot of fun still.

Q7. The really popular activities such as Gymnastics, Kung Fu and Tae Kwon Do always seem full. Is the system fair?

The system is fair to everyone and we do not hold reserved lists. Some ASA's are just very popular but due to safety, facility or instructor factors, there are limits on their numbers. Due to the popularity of Gymnastics, Kung Fu and Taekwondo we are now implementing a policy where students who participated in these 3 ASA choices in season 1 and 2, can no longer choose them again that year. This will enable other students to have the opportunity to experience these rather than the same people each time. The ICS sign-up system will not allow these students to repeat those activities again, but if for some reason there is a glitch in that technology, we will withdraw any student manually who signs up for a repeat session. In order to avoid any disappointment please do not sign up for these 3 specific ASA 's if your child has already participated in them this year.

Q8. How many seasons are there?

There are three seasons throughout the year. There will be a maximum of nine sessions in this season, but sometimes holidays and other events make it less than this; sessions are not made up if missed due to a holiday or school event.

Q9. My child really wanted to be in an activity with her friend. Can we switch activities now that they find themselves in different ones?

No. Unfortunately, due to the high interest in many of these activities and the logistics involved, this is not possible.

Q AND A ABOUT ACTIVITIES SIGN UP IN ES . . . continued

Q10. My child is doing U12 Basketball. Can they sign up for another activity?

Yes, but please remember Monday and Thursday are ES sports team days and the second activity should not be on either of those.

Q11. Does Basketball count as two activities since there are two practices each week?

No, teams like basketball only count as one activity even though they take place twice per week. You are able to choose one additional activity on top of basketball.

Q12. U12 Basketball: Can my grade two or three student sign up for U12 volleyball?

No. U12 team sports are only available for students in fourth grade and above; these students have to be 11 years or older on 1 September 2016 or they will move up to the next age group in team sports. This is an ISSAAA local league rule as well as a safety stipulation.

Q13. Can my daughter participate one day in Basketball and then another day, which is also a Basketball day, in a different activity?

No. Unfortunately, the sports teams are a little different to activities and by signing up for this sport, the child agrees to commit to a twice a week participation.

Q14. What times does U12 Basketball finish?

Playing U12 volleyball is different from activities in many ways. It is two practices a week and these practices will not finish until 5:10 PM, Monday and Thursday, for the teams. There will also be 2-3 Saturday mornings where there will be a basketball festival with other schools later in the season.

PROTOCOL FOR MISSING OR DROPPING AN ASA

- If your child is going to miss an ASA on a day that they are at school please inform the student's teacher at least one day in advance.
- Students must attend their ASA if they are at school and the teacher has been notified otherwise (to ensure that teachers and parents know where students are.)
- If your child is going to drop an activity please notify the ASA Office so that the student could be dropped from the activity roster and another student could, be added if there is a waiting list.
- Students are not permitted to attend ASAs on a day they are absent from school.

NO ELEMENTARY SCHOOL ASA DAYS

- on all half days and days without school.
- on days with curricular activities such as:
 - Play Days
 - Parent Conferences

PARENTS OF EAL OR SPECIAL NEEDS CHILDREN

After school activities are a time for children to have fun and explore new tasks. We want your children to gain the most they can from these experiences. Children who are learning English and children with special needs often need our help to ensure they get the most out of the activity.

ICS staff are involved in instructing activities at this time or involved in preparing lessons for your children and therefore are not available to assist with specific children. Parents can help us to ensure that the children get the most from their experience.

Children that are learning English and children that have special needs may need to have guidance attending their after school activity. Please help us help your child gain the most that they can in their after school activity, by following some of these suggestions:

- The first few times your child attends the activity, have someone (a nanny, your driver, or yourself) take your child to ensure they arrive at the correct activity and understand the expectations.
- Inform the after school activity instructor (as some are not teachers) about your child's unique needs.
- Check in occasionally to see that things are still progressing, after you and the instructor agree that your child has settled.

ONLINE REGISTRATION

We have the online registration system open for parents to register on Tuesday 7 March at 2:45 PM. If there are any delays with the starting time and date, ICS will notify the parents.

- All families should have a copy of the ASA Booklet. The booklet is also available on the ICS website.
- Select only two (2) activities for your child.
Exceptions: Basketball runs two times per week but counts as only one selection.
- Use your child's Name and Code Number that has been emailed to you.

ONLINE REGISTRATION

Follow the five easy steps below to register your child on the Elementary ASA Online Registration System.

STEP 1
