

## GEORGE ZICKEFOOSE

Our Deputy Head of School for Operations didn't always manage the running of a school. George has been at ICS since 2014 and has used his expertise to ensure smooth daily operations. George has 17 years of Educational Administration experience, in addition to his 10 years of teaching nearly 30 years in Education all together.

Before coming to ICS, George has spent time in South Korea and the US, teaching as an Elementary School Principal.

When not on campus you can find George swimming, traveling and listening to and creating beautiful jazz. He's not too bad on the drums either.
